junges forum trifft Alte Hasen

with Prof. Dr. med. Thomas Lenarz

„An inspiring career in hearing research and cochlear implant technology“

Wednesday, 7.10.2026 | 16:15 – 17:45
Room: 02.003
Registration: not required

This year we are pleased to welcome Prof. Prof. h.c. Dr. med. Thomas Lenarz - listen to his talk about his life and career and ask all kinds of questions.

Prof. Lenarz is a renowned expert in otology and neurotology, ranked among the top 1% of hearing specialists worldwide. He served as Chairman of the Department of Otolaryngology at Hannover Medical School and is Director of the German Hearing Center.

His groundbreaking research on cochlear and auditory brainstem implants has made the ENT clinic in Hannover a leading international institution for hearing research, patient care, and innovation.

In the format "Junges Forum trifft Alten Hasen", we typically invite a personality who has spent their academic or professional career in the field of medical technology to share their knowledge and experience with the next generation – the Young Forum.

BMT 2026

Career Breakfast

„Good food, good companies - and a good talk about careers in Germany and abroad“

Wednesday, 7.10.2026 | 9:15 – 11:00
Room: 02.027/028
Spots are limited - registration using this link

A relaxed breakfast to connect with representatives from industry and academia who have built their careers in Germany and abroad. Every guest gives a short pitch so you know who you would like to talk to, then two table rounds let you switch tables and pick your topics: medical device development, regulatory affairs & MDR, doctoral studies, research careers abroad, and everything in between.

Our guests:
Industry: Corpuls, Johner Institut, Sciospec GmbH, Valentine Gesché, inomed Medizintechnik GmbH, Erbe Elektromedizin GmbH
Academia: Prof. Peter Pott (University of Stuttgart), Dr. Johannes Vorwerk (University of Innsbruck), Prof. Fabian Just (University Ulm), Prof. Maria Henke (University of Applied Sciences Mittelhessen)

How it works:

1. Welcome & two-minute pitches by all invited guests
2. Table round 1 - choose one table
3. Table round 2 - switch tables
4. Wrap-up & open networking

BMshE Sessions at BMT 2026

The BMshE network will again be part of this year's conference program.

Tuesday, 6.10.2026 14:15 - 15:45

FS | MedRob & BMshE - Advancing Medical Robotics

Room: 02.030
Chair: tba

Wednesday, 7.10.2026 14:15 - 15:45

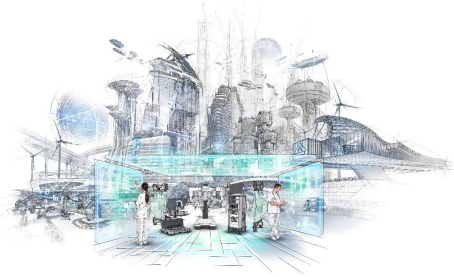
FS | Gender-Sensitive and Inclusive Biomedical Engineering

Room: 02.003
Chair: Alina Kohler, Fabienne Sahl

Thursday, 8.10.2026 9:00 - 10:00

FA-Sitzung/Meeting BMshE

Room: 02.001



BMshE – Network for FLINTA* in biomedical engineering

More information can be found on our webpage.

VDE DGBMT

Tuesday, 6.10.2026 | 06:30 – approx. 07:25

Morning Run

Meeting point: Cosmos Fitness, Stadtbergen (bag drop possible)

No registration required

Start the BMT with fresh legs: two pace groups (approx. 5.3 or 6.4 km), free shower & change at Cosmos Fitness afterwards.

Tuesday, 6.10.2026 | during lunch break (two 30-minute slots)

Hands-On CPR Training with corpuls

Room: tba | spots limited

Registration link

Short intro by the training team, hands-on chest-compression practice, and emergency devices on display. Not a certified course.

Program during and after the conference
