

SPONSORSHIP FORM FOR SMACD2021 AND PRIME2021 (CO-LOCATED)

Erfurt, Germany, 19 – 22 July 2021

SMACD2021 –

International Conference on Synthesis, Modeling, Analysis and Simulation Methods and Applications to Circuit Design

The 2021 edition of the SMACD was originally planned in Erfurt, Germany, but will be held **virtually**, as a forum devoted to modeling, simulation and synthesis for Analog, Mixed-signal, RF (AMS/RF) and multi-domain (nanoelectronics, biological, MEMS, optoelectronics, etc.) integrated circuits and systems. Experiences with modeling, simulation and synthesis techniques including machine-learning and artificial intelligence in diverse application areas are also welcomed. Objective technologies include CMOS, beyond CMOS, and, More-than-Moore such as MEMS, power devices, sensors, passives, etc.

In the annual EDA competition, students compete with their developments of tools and methods to improve design automation for ICs and systems.

PRIME2021 – 16th Conference on PhD Research in Microelectronics and Electronics

PRIME has been established over the recent years as an important conference where PhD students and post-docs with less than one year post-PhD experience can present their research results and network with experts from industry, academia and research. PRIME 2020 will feature conference program reflecting the wide spectrum of research topics in Microelectronics and Electronics, building bridges between various research fields. In addition to the technical sessions, opportunities for the conference attendees will be keynote talks, workshops, social events as well as a company fair. At the conference, Best Paper Awards in Gold, Silver and Bronze will be presented for the best 10, 20 and 30 percent of accepted papers.

Your **sponsoring** efforts make a significant contribution in keeping the conference fees for our **student participants** at a tolerable level.

Statistics: SMACD2019 and PRIME2019

Number of participants	201
PhD/Master students (% of regular registrations)	49,44%
Number of submissions	226
Number of countries of submissions	37
Number of authors	704
Number of reviews	817
Selected submissions	64%
Most authors came from:	
Italy	155
Germany	78
France	60
Switzerland	48
United States	38
... Europe	498

As in previous years, SMACD2021 and PRIME2021 are technical-ly co-sponsored by **IEEE**, the IEEE Circuits and Systems Society (**CASS**) and the IEEE Council on Electronic Design Automation (**CEDA**). The conference proceedings will be submitted for inclusion in **IEEE Xplore**.

In order to finalise the fee structure in sufficient time before the start of registration, **your binding confirmation** on your sponsorship contribution would be very helpful **until 1 February 2021**.
