

<b>Erfahrungsaustauschkreis im Rahmen des ProdSG</b> <i>Exchange of experience circle within the frame of the ProdSG</i> <b>Festlegung / Decision</b>	<b>EK 1</b> <b>527-12</b> <b>Rev. 2</b>
---	---

<b>Proposal of solution</b>	<p><i>In general an evaluation of the EMF has to be done. If limit values in the applicable standard are not given in the normative part the following limit values have to be used:</i></p> <p><i>Basic limit values or reference values of the European Council Recommendation 1999/519/EC for appliances foreseen to be used in public areas only or exposure limit values and action levels from tables of the Annex II (non-thermal effects) and Annex III (thermal effects) of directive 2013/35/EU for appliances foreseen to be used in commercial area only.</i></p> <p><i>If the standard does not provide a defined test distance the necessary safety distances (test distance) for the adherence of the limit values have to be clearly documented in the appliance's manual.</i></p>
<b>Entscheidung</b>  <b>Decision</b>	<p>Der Lösungsvorschlag ist angenommen 2016-11-22 Für die Umsetzung gilt Kategorie C nach AD06.</p> <p><i>Proposal of solutions is accepted 2016-11-22 For implement the category C according to AD06 is essential.</i></p>

Hinweis

Dieser Beschluss gilt inhaltlich – soweit möglich und sinnvoll – nicht für ein speziell beschriebenes Produkt, sondern immer auch für die dazugehörige Produktkategorie.

The content of this decision has to be considered – as far as possible and useful – not only for the certainly described product but also for the hole corresponding product category.
