# BMT 2026

**5 October 2026 | Augsburg**

For Students & Young Researchers

## Satellite Event for Young Scientists

Get to know each other before the conference starts: exclusive company tours, an intercultural workshop, and networking for students and young professionals in biomedical engineering – conducted in English.

**Monday, 5 October 2026 | 8:45**

Meeting point: Ambu Innovation GmbH, Augsburg

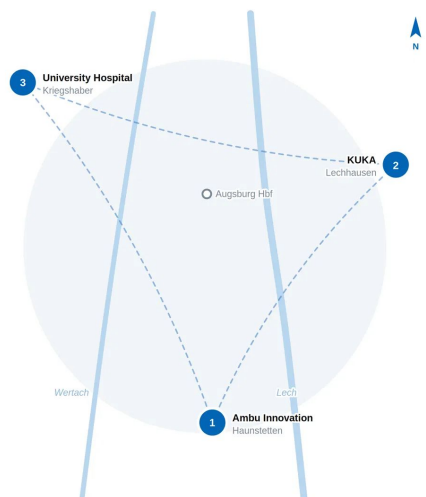

Evening: INVENT a CHIP Anniversary Event & Award Ceremony

Main conference BMT 2026: 6 - 8 October 2026, Augsburg

Registration via the BMT 2026 conference sign-up:

# junges forum trifft Alte Hasen

## with Prof. Dr. med. Thomas Lenarz

„An inspiring career in hearing research and cochlear implant technology“

**Wednesday, 7.10.2026 | 16:15 – 17:45**

**Room: 02.003**

**Registration: not required**

This year we are pleased to welcome Prof. Prof. h.c. Dr. med. Thomas Lenarz - listen to his talk about his life and career and ask all kinds of questions.

Prof. Lenarz is a renowned expert in otology and neurotology, ranked among the top 1% of hearing specialists worldwide. He served as Chairman of the Department of Otolaryngology at Hannover Medical School and is Director of the German Hearing Center.

His groundbreaking research on cochlear and auditory brainstem implants has made the ENT clinic in Hannover a leading international institution for hearing research, patient care, and innovation.

In the format "Junges Forum trifft Alten Hasen", we typically invite a personality who has spent their academic or professional career in the field of medical technology to share their knowledge and experience with the next generation – the Young Forum.

## Career breakfast

„Good food, good companies - and a good talk about careers in Germany and abroad“

**Wednesday, 7.10.2026 | 9:15 – 11:00**

**Room: 02.027/028**

**Spots are limited - registration using this [link](#)**

A relaxed breakfast to connect with representatives from industry and academia who have built their careers in Germany and abroad. Every guest gives a short pitch so you know who you would like to talk to, then two table rounds let you switch tables and pick your topics: medical device development, regulatory affairs & MDR, doctoral studies, research careers abroad, and everything in between.

### **Our guests:**

**Industry:** Corpuls, Johner Institut, Sciospec GmbH, Valentina Gesche, inomed Medizintechnik GmbH, Erbe Elektromedizin GmbH

**Academia:** Prof. Peter Pott (University of Stuttgart), Johannes Vorwerk (University of Innsbruck), Prof. Fabian Just (University Ulm), Prof. Maria Henke (University of Applied Sciences Mittelhessen)

### **How it works:**

1. Welcome & two-minute pitches by all invited guests
2. Table round 1 - choose one table
3. Table round 2 - switch tables
4. Wrap-up & open networking

**Supported by**  
**IEEE EMBS Germany and VDE Young Net!**

## **BMshE Sessions at BMT 2026**

The BMshE network will again be part of this year's conference program.

Tuesday, 6.10.2026 14:15 - 15:45

### **FS | MedRob & BMshE - Advancing Medical Robotics**

Room: 02.030

Chair: tba

Wednesday, 7.10.2026 14:15 - 15:45

### **FS | Gender-Sensitive and Inclusive Biomedical Engineering**

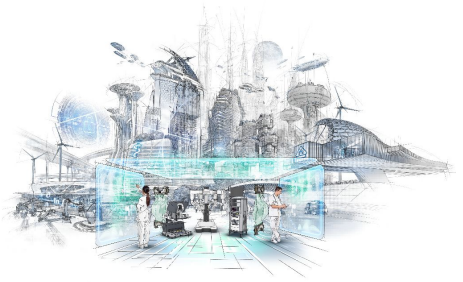

Room: 02.003

Chair: Alina Kohler, Fabienne Sahl

Thursday, 8.10.2026 9:00 - 10:00

### **FA-Sitzung/Meeting BMshE**

Room: 02.001

## **BMshE – Network for FLINTA\* in biomedical engineering**

More information  
can be found on  
our [webpage](#).

**Tuesday, 6.10.2026 | 06:30 – approx. 07:25**

### **Morning Run**

Meeting point: Cosmos Fitness, Stadtbergen (bag drop possible)

No registration required

Start the BMT with fresh legs: two pace groups (approx. 5.3 or 6.4 km), free shower & change at Cosmos Fitness afterwards.

**Tuesday, 6.10.2026 | during lunch break (two 30-minute slots)**

### **Hands-On CPR Training with corpuls**

Room: tba | spots limited

Registration [link](#)

Short intro by the training team, hands-on chest-compression practice, and emergency devices on display. Not a certified course.

## **Program during and after the conference**

Sponsoring: **Ambu**

**KUKA**

**corpuls®**

**175erbe**

**Bentley**
